

How Urban HR can assist you in becoming an NDIS Registered Provider

The new rules for NDIS Provider registrations now apply, and any organisation that is wants to register must go through an audit against the NDIS Practice Standards.

Organisations previously registered with NDIA do not need to apply again, but from 1 July 2018 they need to comply with the new NDIS Practice Standards and will be audited against these.

Whether you're going to register or are already registered here's what we can help.

After you've applied for registration we can:

Contact us now on ndis@urbanhr.com.au or call your NDIS specialist, Kay on 0403 085 007 to find out more and get started!
